

# ACH BLOCK AND NOTIFICATION

## Protect your business accounts from unauthorized ACH entries.

Sun's ACH Block and Notification provides much needed fraud protection for electronic transactions. With more payments moving to ACH, this service provides greater control of payment monitoring and verification of entries.

This service allows you to make return decisions on all ACH transactions that are posted to your checking account, as well as have all unauthorized electronic debits returned to the originator for disposition.

### SUN DELIVERS

Sun's ACH Block and Notification service provides your business with valuable benefits and peace of mind:

- Protects from unauthorized access
- Mitigates fraud risk
- Detailed transaction reports improve control of exceptions
- Reduces staff administrative time and increases productivity

### PRODUCT FEATURES

Sun National Bank's ACH Block and Notification provides you, on a daily basis with a detailed report of transactions with the ability to format your reports based on your need. Individuals authorized by your organization can easily view those posted ACH transactions and the reversals on your monthly statement and electronic balance report.
